We would like to wish everybody a very Happy New Year. We hope that this year will be better than 2020 was. Last year we were dealt a few major blows. The pandemic caused us to close our Dojo and we lost one of our professors. We are in the process of starting up classes again, but unfortunately we will only be able to do adults due to limited space. We have started an interview process with potential students to try and make sure that we are a good fit for each other. We hope that 2021 will be a much better year that will see us grow.
Professor Shipley
